List of equipment

The list of equipment is a guidance when packing for the camp school week. The most important thing is to be warm and dry throughout the week. Some things you need to bring with you for all seasons and some other things depend on the season. Therefore, you must read well and plan wisely.

Always bring the following equipment, regardless of season

Linen	Linen, pillow linen and sheet
Toiletries	Towels, soap/shampoo and toiletries
Outdoor clothes	Wind/waterproof trousers and jacket Wool hat, wool mittens and/or gloves, scarf and windproof mittens Long underwear of wool, thin sweater (wool or fleece), thick jumper (wool), several woollen socks
Indoor clothes	Indoor clothes, underwear
Shoes	Waterproof hiking-boots or rubber-boots Indoor shoes or slippers
Rainwear	Waterproof jacket and trousers, raingear, boots
Small backpack	Day trip bag, big enough for necessary clothing and equipment for a day out
Diverse	Outdoor cup, water bottle and several plastic bags
To instruction	Pencil

On winter-camp you also need:

Ski equipment	Skis and ski-poles Shoes for skiing with woollen soles
----------------------	---

On Christmas-camp you also need

For Christmas Eve	Nice old, clothes for the Christmas party
Accessories	Apron and scissors

Consider if needed

Sunglasses, cream for sun-protection, lip balm and mosquito repellent

Pyjamas (to wear in bed), a teddy bear is also allowed to bring

Sleep mask and earplugs

Flashlight or a headlamp when it is Christmas and dark

A book or magazines to read before bedtime

Clock / wristwatch so you know the time

Please note

All shoes and clothing must be labelled. If you miss some of the equipment on the list, you might borrow from someone you know or let your teacher know.

Try to avoid packing in hard suitcases. These suitcases take up much space from the bedroom floor.

At the camp school, you can borrow all necessary equipment for the teaching. Do not bring equipment such as life jackets, thermos or knives.
