

## **Strike in the Municipality of Bergen – consequences for our school**

### **OUR SCHOOL WILL PARTIALLY BE CLOSED FOR PUPILS FROM 2 JUNE**

Our school will be affected by a strike from Wednesday, 2 June 2021.

This means that most lessons will not be offered.

Lessons, supervision or before and after schools clubs (SFO) may be offered at some schools. For more information, visit the school's website. The school will also directly inform you about which groups of pupils will receive these services or not.

We ask parents and guardians to follow the Municipality of Bergen's website at: [www.bergen.kommune.no](http://www.bergen.kommune.no), the school's website and/or the press to remain updated about the strike and whether it has been called off, etc.

#### **If you have a child at the before and after school club (SFO):**

Please note that before and after school club fees must still be paid at the normal time to avoid reminders and a payment notice. When the strike is over, settlements will be calculated based on the length of time you have not received ordinary before and after school services and payments will be deducted from future bills.
